What is a Figure Skating Club?

- ▶ U.S. Figure Skating is a membership-based organization serving more than 750 full, collegiate and school-affiliated clubs and more than 1,000 registered Learn to Skate USA programs nationwide. The best way to be a part of U.S. Figure Skating is to be a member of a U.S. Figure Skating-affiliated club.
- ▶ All U.S. Figure Skating member clubs are charged with the responsibility of creating a safe environment that allows their members participate, develop and achieve success in the sport of figure skating. Most clubs are run by a board of dedicated volunteers and offer test sessions, competitions, exhibitions, ice shows and a variety of other programming options for their skaters and the surrounding community.

About the Sunshine State FSC

- ▶ Mission Statement
 - ▶ The goal of the Sunshine State FSC is to serve the members to the best of its abilities. The club will work to offer a multitude of diverse opportunities to ALL skaters, coaches, and members to help further their skating journey and goals in life.

Testing

Background Information

- Testing is important for all skaters to demonstrate progression through the sport
- Needed in order to qualify for competitions
- Tests available in several disciplines, Skating Skills (formerly Moves in the Field), Ice Dance Partnered/Solo, Pairs and Singles
- Testing levels use the medal color designations (Bronze/Silver/Gold)
- When passed the final Gold level test, considered a 'Gold Medalist'

Virtual Testing

- New method of USFS testing vs traditional in-person testing
- Test session generally every month
- \$40 members/\$55 non-members
- Video tape your video NO EARLIER than 14 days before deadline
- Video requirements on USFS
- Result usually come out in 7 days or less after deadline

Competitions

Non-Qualifying

- *Compete USA* (Basic Skills) events promote a fun, introductory competition experience for beginner skaters. Provide a positive opportunity to compete at the grassroots level
- Skaters of all ages can participate in nonqualifying competitions to earn awards and showcase skill mastery.
- Nonqualifying competitions are divided into two tracks: one is more recreational (**Excel**) and the other is more competitive in nature (**Well-Balanced**).
- Excel Series, skaters compete at certain nonqualifying competitions to earn an invitation to the Excel National Festival.

Qualifying

- The pipeline for singles, pairs and ice dance teams to advance to the U.S. Championships, international competitions, World Championships and Olympic Winter Games.
- The top skaters advance in the juvenile to senior levels and compete for various titles based on age and test level.
- Synchronized skating has its own qualifying competition system, which leads to the U.S. Synchronized Championships, international competitions (junior/senior) and the World Junior and World Synchronized Skating Championships.

Collegiate Skating / Scholarships & Funding

Collegiate Skating

- Whether you have been skating since you were young, learned to skate in college or are returning to the ice after a long absence from the sport, U.S. Figure Skating's collegiate programs are a great opportunity to make friends with shared interests, assimilate to a new life at school, obtain leadership skills and stay in shape, regardless of level or experience.
- U.S. Figure Skating collegiate membership, four-year full membership at a reduced rate
- U.S. Collegiate Figure Skating Championships
- Intercollegiate team competitions
- Synchronized skating
